SURROUNDEL BY MYSTERY!

A Great Mistake.

A recent discovery is that beadache, dizziness, culiness, centu ion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force: that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these orment of the nerve centers supplying these organs with nerve fluid or force. This is likewich true of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying out. The little white lines are the nerves which convey the nerve for a from the page of centers to

for a from the ner e centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every etation, large or small. Ordinary physicians fail treated of the wing the maximum they trea a the part affected.

The silver wing of the Repash can State Convention unenimously adopted the 'oll swing platform:

The convention endorses and adopts the platform of the Repub-Loss State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the a ministration of President Harrison, insofar as they have failed to accomplish the comrlete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved. That the restoration of silver to the place it ... cupled previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people or Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage. of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

And we favor the continuation of agitation and contention for the free and unemited comage of silver at the present ratio of 16 to 1, for their own benefit and for the conefit of the people at large miners, farmers, laborers and me chanics.

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, n convention assembled, do set forth the following declaration of principles:

Fist. We demand t') full re-The Hotel Coac is at all the boats and trains to convey guests to and from the mon tization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the Nation al Republican and Democratic parties on the question of the iree coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and territories, and we therefore repudiate the nominees of their convention.

Third. We plodge the nominees of this convention for Presidential electors to support no sun for President or Vice-President of the United States who is not un quivocally in favor of free coinage as defined by this con ... ntion.
